

# Product information

Electrolux EFH/W-9020 EEC wall mounted fan heater of the ART series looks great in the interior and is effective when heating a room with an area of up to 25 m<sup>2</sup> thanks to 1800 W powerful ceramic heating element. The flow of warm air can be directed in the proper direction and create an optimal microclimate in a matter of minutes. Equipped with an LED-display, a touch control panel, and a remote control box with a convenient storage space as well as a timer that allows you to adjust the temperature with 1 °C accuracy. The device is as comfortable as possible in operation. The warranty for the fan heater is 2 years.

EFH/W-9020 EEC

## Precise heating temperature setting

Heating temperature setting within the accuracy of 1°C allows to fine-tune supreme comfortable in-door environment. Thanks to the touch control panel, you can select the desired function with one touch.

## Special place for remote control at the device body

Unique design of the device configured with remote control storage slot allows to keep remote control always in its proper place.

## Healthy environment-O<sub>2</sub> saving

Eco-friendly ceramic heating elements used in fan heaters provide intensive heating of the room in a short time, maintaining a comfortable climate in the house without burning out oxygen.

## Shuft-off timer

A timer with the function of turning off the device in the range from 1 to 24 hours will reduce energy consumption, making the operation of the device as much energy-saving as possible.

## LED-display

The LED display located on the front panel of the device body shows the selected settings and also displays the current temperature online.

## Technical characteristics

Characteristic/Model	EFH/W-9020 EEC
Power levels, W	1800/1000
Power of the heating element, kW	1,8/1
Rated current, A	7,8/4,3
Current voltage / frequency, V/Hz	220-240/50
Electrical protection	II class
Ingress protection class	IPX0
Appliance dimensions (W×H×D), mm	582×260×168
Package dimensions (W×H×D), mm	625×275×200
Net weight, kg	2,7
Gross weight, kg	3,5
